Business, government, electronics, extra class amateur license KL3CH

**STATEMENT:**  
I would ask you to give me a chance to serve in the next legislature.

I believe it is essential to decrease the cost and scope of our state government as well as the number of regulations that control our lives.

As Matanuska-Susitna Borough Assemblyman, I was responsible for eliminating the cities and borough Personal Property tax, co-sponsored changes to decrease the airplane tax, made the motion to create the Local Road Paving program and thirteen schools.

We accomplished these programs without an increase in taxes. My record is clear, I will not propose new taxes unless you the voters approve them.

I understand our constitution and the rights it affords us. I will defend the first amendment - freedom of religion, speech, press, and the right to assemble without fear.

I spent 22 years in the Navy to protect the 2nd amendment. I will protect them to the best of my ability and treat all people fairly and equally. Your opinion and input are important to me. Before I push that button, I always make sure I understand how that decision will affect your future and life. You will be proud of my attendance record, my understanding of government, my integrity, my dedication, and my proven leadership ability.
